Dear Parents,

This term your child has the chance of joining one of our stimulating chess clubs, giving them the opportunity to learn chess or improve their game with a proven course, which has been established in Cambridgeshire schools for over six years. The sessions will be on:

Wednesdays 4.00 - 5.00 p.m.

commencing on Wednesday 7th October, for nine weeks, the final session being on Wednesday 9th December. All sessions are to be held at school and are to be given by Sean Lip, former President of the Cambridge University Chess Club. The course fee is £50.00 for the term. Please complete and return the form below with your cheque to the school secretary a few days before the course starts.

Chess is an excellent pastime for life, and can be played from 5 to 105 years old. It is truly international, and teaches invaluable skills such as logical thought, self-reliance, decision making, and concentration; it is also a lot of fun and played by thousands of children throughout the country.

At Chess for Kids we are dedicated to providing stimulating and enjoyable chess training courses for all ages and abilities. Nevertheless, we would encourage the parents of children that are complete beginners to use the New members section of our website (see above) to learn how the pieces move before coming to the first session. Part of the beauty of chess is that it is easy to learn how the pieces move, but difficult to play even a moderately good game - this is what we like to work on. It should take a few twenty minute sessions to get the basic moves sorted. Chess for Kids was founded by Nicholas Jackson. He is the County Junior Chess Coach and Team Manager and has coached many successful juniors.

Yours sincerely,

Nicholas Jackson.

I would like my child to join the chess course, and will give a month's notice of stopping.

I enclose the fee of £50.00 for the term (cheques payable to Chess for Kids, please)
